

Prof. Michael Alram

*President of the Committee
of The International Numismatic Council*

"I am delighted that the International Numismatic Congress will happen in 2021 in the beautiful city of Warsaw," INC President, Professor Dr. Michael Alram says. "Our Polish colleagues have been working hard for over three years to plan this congress, which promises to be one of the largest ones that the International Numismatic Council has ever held. Such events are crucial for the advancement of our field and provide young and established numismatists a platform to exchange ideas and for networking.

I encourage everyone to attend!"

Scope

The International Numismatic Congress, which has been held regularly every six years since 1927, is the largest academic event in the field of professional numismatics. It attracts large numbers of scholars, curators, students, collectors, and dealers from all five continents and covers every field of numismatics, from ancient to modern times. In presentations and papers, which are published afterwards, the Congress promotes numismatics and scholarly exchange with other disciplines.

Special events:

Cocktails, gala dinner, visiting the City and museums, excursions and opening of the following exhibitions: "Coin Cabinets of the University of Warsaw", "100 years of the Coin Room at the National Museum in Warsaw" and "The collection of André van Bastelaer at the Royal Castle".

Languages:

English, French, German, Italian and Spanish.

Regular:

INC member 260 €
student 260 €
non member 460 €
accompanying person 110 €

Warsaw:

Warsaw, situated on the Vistula river, is the largest city and capital of Poland. Once one of the most beautiful cities of Europe, it was heavily damaged during the Second World War. Since then the city has been carefully rebuilt, and in 1980, the Old Town was selected as a UNESCO World Heritage site. In 2004 Poland joined the European Union, which has turned Warsaw into a vibrant, modern city, which is today an important economic and academic centre in Central Europe. Its universities and educational institutions are a magnet for many young people, who fill this historic place with an atmosphere of joy and excitement.
